### VOLLAGEN® 1000mg

Vollagen® 1000mg is a complex of Amino Acids in the same proportions as those found within Collagen, but importantly provides two key advantages over Collagen:

- 1) The Amino Acids are already isolated so ready for the body to easily absorb them.
- 2) The whole complex is suitable for Vegans and Vegetarians.

Collagen is the main structural protein of skin, hair, nails, ligaments and tendons. Native Collagen can't be absorbed by the body and must be hydrolysed to free the Amino Acids. Vollagen® 1000mg supplies your body with the Amino Acids, ready to be absorbed and from 100% non-animal sources.

**Key Benefits:** An independent efficacy study showed that after 60 days of taking Vollagen® 1000mg, subjects reported:

- Firmer, more hydrated and softer skin.
- Reduction of fine lines and wrinkles.
- Enhanced radiance and more even skin tone.
- Reduction of dark circles.
- Supple and smooth skin.
- Reduction of breakouts and blemishes.
- Healthier and brighter complexion.
- Stronger, healthier nails.
