BONECARE

Vegetology Bone Care is made using Phytodroitin™ which is a 100% plant-based alternative to Chondroitin (normally sourced from sharks) alongside our vegetarian source of Glucosamine which comes from a fungus called Aspergillus Niger. These are combined with a precise balance of key Vitamins C, D3 and K2 plus Calcium and Magnesium for a high-performance multivitamin, scientifically formulated to support cartilage, muscle, and bone health.

Key Benefits

The nutrients in Bone Care contribute to:

- the maintenance of normal bones, teeth, and muscle function
- normal energy-yielding metabolism
- normal collagen formation for the normal function of bones, cartilage, and teeth
- maintain the normal function of the immune system during and after intense physical exercise
- normal absorption/utilisation of calcium and phosphorus

Vegetology, Nottingham NG7 5HF, UK.
